

Valentine's Matching Memory Game

Instructions for printing and assembly:

Print pages 2-7 double-sided. If you would like to save on ink and not use the background on the cards, you can leave them black and just print pages 2, 4, and 6 single sided.

They will work best on card stock, and last longer laminated. Cut out each individual card.

To play: Turn cards face down and take turns matching the valentine's animals. When you make a match, keep the cards. When you don't match turn the cards back over in the same spots. The player with the most matches at the end of the game wins.
